Episcopalians,

“Leading Through Change” Featuring

Keynoter Ray Wells PhD, President, Wellbeing Systems, Inc.

<http://www.linkedin.com/in/raywellswellbeingsystems>

Workshop sessions will include:

1. Leading through change, Identification of your change agenda with intro to uses for Appreciative Inquiry
2. LEV training,
3. Pastoral Worship Training
4. Parish Administration
5. Financial Development
6. Communications
7. How Episcopalians read Scripture
8. Ministries of Healing and Pastoral Visitation

We are committed to raising up the ministry of the baptized by preparing all who feel called to serve. **THRIVE** is a part of our Diocesan School of Christian Studies and Bishop Nathan's commitment to strengthen the skills and deepen diocesan community to serve in the 21st century. **THRIVE** offers not only ways to strengthen our call to serve and lead but unites us through shared mission. The Episcopal Church recognizes six licensed ministries. The Diocese of Central Pennsylvania recognizes five more ministries that are vital to the life and growth of a parish community. See more at: <http://www.diocesepa.org/formation/scs/thrive>

The formation of our leadership is critical to the presence of the Episcopal Church in Central Pennsylvania so we as the community will actively raise up, form, train and support each person called to one of these ministries.
